SPECIAL HONORS

Indiana Journalist of the Year

WINNER: Robert King

ORGANIZATION: The Indianapolis Star

JUDGE COMMENTS: *In a category full of excellent, tough and well-reported entries, Robert King's writing and reporting stood out for its clarity and creativity.***Indiana Student Journalist of the Year**

WINNER: Sarah Phinney

ORGANIZATION: Ball State University

JUDGE COMMENTS: *Sarah Phinney epitomizes the perfect journalism student and, thus, deserves to be named 2013 Indiana Student Journalist of the Year. Since her freshman year, she has filled her time with internships and college media positions, expanding her knowledge of and experience in television and radio reporting, editing and producing. The quality of her radio and TV piece show she has prepared herself well for a career in the field.***Slaymaker Service to Journalism Award**

WINNER: Gerry Lanosga

ORGANIZATION: Indiana University, Indiana Coalition for Open Government

NOMINATOR COMMENT: *Gerry is among a handful of individuals in Indiana who go beyond merely supporting efforts to maintain government transparency but who also commit themselves to doing the often thankless work that is vital to keeping those efforts in force.***First Amendment Award**

WINNER: Patrick Fazio

OUTLET: WTWO-TV

JUDGE COMMENTS: *Patrick Fazio wins for putting a spotlight on a restriction of the public's right to be a government watchdog. His work on this issue began with the story of a Terre Haute area man who faced charges under the Illinois Eavesdropping Statute. More stories showed how officials selectively applied the law and how many state legislators were resistant to changing or repealing the law that carried a maximum penalty of 15 years in prison.*

TITLE: Where food deserts are

JUDGE COMMENTS: *Smart use of data and charting to illustrate what the nature of a food desert is, and its prevalence in the community. Adding photo of a gallon of milk and noting its weight really brings home the nature of the problem. (It got me thinking, as I'm sure it did for many others.) Lots of data subsets represented, but it was clean and easy to read, on top of being engaging.*

WINNER(S): Shirley Gioia

ORGANIZATON: Times of Northwest Indiana

TITLE: Gunman Dead

JUDGE COMMENTS:

This entry features solid breaking news coverage played well, with a gripping lede photo and good layering. What really makes this entry rise to the top is the restraint used in the design. Many of the design embellishments used hurt the other entries in this category. News design should be edited as strongly as the stories on the page.

Arts and Entertainment Writing

All daily newspapers

1st Place

WINNER(S): Will Higgins

ORGANIZATON: Indianapolis Star

TITLE: Museum discovers Picasso in its midst

JUDGE COMMENTS: *A little masterpiece of arts reporting. Sidestepping the cliché of multimillion-dollar-art-found-in-basement, Will Higgins takes us through a landscape dotted with possums, Coke cans, a charismatic curator and an old carousel. The reporting is wide-ranging, from a modern New York art dealer and 1950s Paris to an Indiana community denied even a peek at the Picasso found in their museum. And the reporting is in depth, delving into the vagaries of the art market and board decision-making. Higgins' skillful writing paints in whole swaths of context with just a few words ("39 years is a long time to mourn a carousel") and moves through the scenes at a tight pace that keeps the intrigue and charm coming. Superbly done.*

JUDGE COMMENTS: *Food writing, at its best, hits all of us at home. That's something Christine Barbour does regularly with My Plate or Yours. She deftly ties in delicious descriptions of noodles, desserts and exotic dishes with personal memories and experiences. Even if you don't share her background, her writing transports you back to your favorite restaurants, your grandparents kitchen or your childhood favorite treat. WINNER(S): Scott Underwood

ORGANIZATON: The Herald Bulletin

JUDGE COMMENTS: *Mr. Underwood's writing shows excellent journalistic style: it's clear, concise and very readable. He uses personal experience to illustrate larger points, which gives his writing an accessibility that is often lacking in newspaper columns. He has a humorous, self-deprecating touch that invites readers to identify with him and learn a little something along the way. If I were a regular Herald Bulletin reader, his columns would be must-reading.*

WINNER(S): David Woods

ORGANIZATON: Indianapolis Star

JUDGE COMMENTS: *David Woods' piece on Crishawn Hopkins would be enough to win, but Woods includes four other stories coming from the heart and the will to win. There's Danielle Carruthers trying again to get on the Olympic team as a hurdler at age 32 and Rotnei Clarke, a Butler basketball player who was so popular in Oklahoma that they had to put in a highway exit so people could find their way to his games. Woods weaves life and sports together. The Crishawn Hopkins story is well done and just plain amazing. The Butler basketball player had many roadblocks in his life -- from killings of his friends to the shooting-up of his house leaving him without a place to live. Most people would have given up. But not Crishawn Hopkins.*

Multiple angle helps viewers understand the circumstance, and it's clear the news team has worked their many sources to tie it all together. There is a lot of information, but it's easy to understand with a rundown that makes sense. Great emotion in overall coverage. Thought the tease to first break was too long (continuing coverage slate) without video to keep viewer intrigued. Nonetheless, coverage really kept people involved. JUDGE COMMENTS: *Great energy and interviews at the beginning. I like the editing, which builds anticipation for the Butler applicants. I like the candid shot with the girl who wants to be a talk show host or doctor and the response given to her. The information and facts are good: not overwhelming. Clever writing: "different kind of March madness." Narration is great. The stories humanize these kids, and it makes you root for them. The dissection of applicant selection is intriguing in the second segment. I was particularly interested in the student with the grades that dropped dramatically, but come to find out his father died. I would have liked for a follow up to him, but without knowing the circumstances, of course, the benefit of the doubt is given. Maybe he wasn't available, etc. But it would have been great. The entire story is emotional, exciting, intense, insightful, disappointing (for those who didn't make it in), uplifting (for those same students, except that they were making other plans) and of course happy for students who did make it. I found the story to be unlike anything I've ever seen before. Who would ever think to go behind the scenes at a college admissions office? Terrific from beginning to end. The 'anchor' admission interview helped make the story, for sure. Complete beginning, middle and end.*

ORGANIZATON: Ball State Daily News

JUDGE COMMENTS: *Both entrants at Ball State smartly design their front pages with a good sense of alignment, spacing, dominant images and headers. I give the edge to this one because the art was more difficult to work with... less "compelling," and it came out very well.*

TITLE: After tornado, town rebuilds

JUDGE COMMENTS: *The reporter weaves an interesting story that draws the reader right in with personal experiences of the tornado and interesting turns of phrase (i.e., "beast from above"). In addition to the narrative style, however, is an adherence to newsy details such as the breadth of the storm across the Midwest and how many people died. Well done!*

ORGANIZATON: University of Indianapolis

TITLE: WICR Radio News

JUDGE COMMENTS: *This is a timely and well-produced newscast. It includes all local information about a critical issue (election) and includes a concise and pressing update from the field. The content of the cast includes perspective on a key moment in the election when Republicans gain majority control. The information is organized somewhat on the fly given the changing nature of the news. So it's even more impressive that the flow and analysis is so maturely presented.*

WINNER(S): Jason Newhouse

ORGANIZATON: University of Indianapolis

TITLE: WICR Election Report

JUDGE COMMENTS: *WICR clearly puts a lot of effort into election reporting with reporters at campaign headquarters giving periodic updates from the field. There were election updates and then, just as we start wondering what all of it mean, the host brings in an outside poll watcher to explain. Nicely done with very timely updates, excellent pacing and solid content.*
